## INFORMATION ABOUT THE SERVICE

Your Package includes a post-paid mobile phone service called the Mobile Accelerate BYO Plan – Data Share (**Plan**) and a Data Share SIM Plan (**SIM Plan**). The Plan gives you access to our network, a mobile phone number, lets you make and receive calls, send and receive messages, and access mobile data. The SIM Plan can only be used to access mobile data on compatible devices. You can share your data allowance between your Plan and up to five SIM Plans on the same account.

### BYO handset

You can bring your own (BYO) Telstra Mobile Network compatible handset to take up the Plan. Be sure to check that your handset supports 3G-850MHz, to ensure you get the best possible experience on the Telstra Mobile Network. Check your device manual or manufacturer's website. See [telstra.com/device](http://telstra.com/device) for more information.

### Device Payment Contract

You can purchase a handset to use with your Plan. A Device Payment Contract allows you to get a new handset and make monthly interest free payments. You can also take up a Device Payment Contract to purchase a compatible tablet or Mobile Broadband device on your SIM Plan.

If your Plan, relevant SIM Plan or Device Payment Contract is cancelled early, you'll need to pay any remaining device payments.

### Minimum term

Plan – 12 or 24 months.

SIM Plan – month to month.

### Your Plan's Monthly Call Allowance

**\$950** – Your unused Monthly Call Allowance expires each month.

### Your package's Monthly Data Allowance

**2.6GB** – Your unused Monthly Data Allowance expires each month. Once you've used your Monthly Data Allowance, you'll be charged for excess data usage at a rate of 3¢/MB (or part thereof).

You can share your data allowance between all Mobile Accelerate BYO Plan – Data Share (as well as Every Day Connect Data Share BYO Plans) and Data Share SIM Plans on the same account.

### What's included in your Plan

Your Monthly Call Allowance can be used within Australia for calls and MMS to standard Australian landline and mobile numbers, as well as most 11xx, 12xx, 13xx and 1800 numbers (from 3 October 2014 calls to 1800 numbers will no longer be charged). Calls must start between 7pm and 7am or on Saturday or Sunday to be eligible for Unlimited Nights or Weekends. You also get unlimited SMS to standard Australian landline and mobile numbers, and unlimited MessageBank® retrieval in Australia. Your Monthly Data Allowance can be used to access mobile internet and some mobile apps on your Telstra Mobile Network compatible device in Australia.

### What's not included in your Plan

Your Monthly Call Allowance can't be used for calls, SMS or MMS to international numbers or while overseas (including receiving calls), calls/SMS to premium numbers (eg 19xx numbers) and some satellite numbers, calls to 1234, 12 455 and 12 456 numbers, calls to most operator assisted numbers, information calls or content charges (including third party charges). Your Monthly Data Allowance can't be used for data while you're overseas.

### Your SIM Plan

Your Package comes with one SIM Plan. You can have up to five SIM Plans per Mobile Accelerate BYO Plan – Data Share on the same account (see 'Information about Pricing' below). Each SIM Plan will give you 100MB per month of data to use and share in Australia. The SIM Plans don't include any call or SMS allowance. You can't use a SIM Plan in any handset.

If you cancel your SIM Plan, you will remain on a Mobile Accelerate Plan without sharing ability.

## INFORMATION ABOUT PRICING

### Your minimum monthly charge

**\$80** – your package includes a \$70 Plan and \$10 SIM Plan. You need to pay \$10 per month extra for each additional SIM Plan. If you use more than your Monthly Call or Data Allowance per month, or use your mobile for things not included in your Plan and SIM Plan, you'll have to pay more than \$80. Your monthly charges are billed according to your billing cycle.

### Accessory Repayment Option

You can choose an Accessory Repayment Option (ARO) to buy mobile accessories, you'll be charged for your accessories in monthly, interest-free payments. If you cancel your ARO, you'll have to pay the remaining cost of the accessories. Only available at selected Telstra stores and partners.

## The total minimum cost of your package

The total minimum amount that you'll pay over the term of your Package is **\$960** on a 12-month Plan or **\$1,920** on a 24-month Plan.

## Call and MMS charges in Australia

These are the main charges used to calculate your usage for your Monthly Call Allowance on your Plan. If you go over your \$950 Monthly Call Allowance each month the following additional charges will apply:

- **national standard calls** – 40¢ call connection fee and 99¢ per 60 seconds or part. A 2-minute standard national mobile call costs \$2.38 (incl. connection fee) on this Plan
- **national standard MMS** – 50¢ per standard message sent per recipient in Australia

Other call, SMS and MMS charges can be found at [telstra.com.au/customer-terms](http://telstra.com.au/customer-terms). If you restricted your use solely to Standard National Mobile Calls each of 2 minute duration, you could make 399 calls per month with your Plan.

## Calls, SMS and MMS to international numbers

You'll be charged if you make calls, SMS or MMS to international numbers on your Plan. The main charges that apply:

- **calls to international numbers** – for call rates to overseas, see [telstra.com.au/mobile-other-call-types](http://telstra.com.au/mobile-other-call-types)

For information on discounted international calling packs visit [telstra.com.au/mobile-phones/international-rates](http://telstra.com.au/mobile-phones/international-rates)

## Data charges

Data charges are based on how much data you use accessing email, some apps and mobile internet. To understand how much data you might need go to the Data Usage Calculator at [telstra.com.au/postpaid-data-calculator](http://telstra.com.au/postpaid-data-calculator). If you use more than your Monthly Data Allowance each month, the following additional charges will apply:

- **national data charges** – 3¢ per MB.

If you need more data you can add a Shared Data Pack to your Package which gives you an extra monthly data allowance to use in Australia.

## Early Termination Charge

If you cancel your Plan before the end of your minimum term, you'll need to pay an Early Termination Charge (ETC) and any remaining device and accessory payments. If you move to another Plan before the end of your minimum term, you'll need to pay a \$50 Early Recontracting Fee and you may also need to pay an ETC. The ETC decreases by equal installments each month you stay on the Plan. Your maximum ETC at the start of your Plan is **\$420** on a 12-month Plan or **\$840** on a 24-month Plan. You may change your Plan's minimum monthly spend once every 60 days if you don't move below your original contracted spend level.
