Hardware Repayment Option

A Hardware Repayment Option allows you to get new hardware and make monthly interest free payments. If you cancel your plan or your Hardware Repayment Option early, you'll need to pay any remaining hardware payments.

Early termination and other charges

If you cancel your home phone, home broadband or Foxtel from Telstra service or transfer one (or more) of these services to another service provider, your bundle will be cancelled. If your bundle is cancelled early and you don't agree with us otherwise:

- you will be charged an Early Termination Charge (ETC) of up to \$804. The ETC decreases each month you stay on your bundle
- any remaining home phone service will be placed on a monthly plan with the lowest monthly charge of our generally available plans
- any remaining home broadband service that has not been cancelled will be placed on a month to month 5GB plan, or if that plan is no longer available to new customers, a month to month plan with the lowest amount of included data that is available to new customers
- your other bundle benefits will be removed.

If one of our suppliers raises its prices in the future, this may result in the cost of your service increasing. We will let you know before this happens.

OTHER INFORMATION

Broadband speeds

For more information on broadband types and the speeds available please visit telstra.com/speeds. If you are a Cable or Velocity customer you can purchase a Super Fast Speed Boost for an additional \$20 per month. Your bill will show an additional charge each month for your speed upgrade. If you already have a Speed Boost then you will continue to receive your Speed Boost and be charged for it each month unless you cancel it.

Transferring to the National Broadband Network (NBN)

Your 24 month contract could overlap with the rollout of the NBN. If you wish to transfer to the NBN with Telstra, please contact us. If you don't wish to transfer to the NBN we'll continue to provide your service up until the date on which we're required to disconnect it as part of the migration to the NBN, when we'll cancel your service and your access to existing networks. No ETC will be charged in these circumstances.

Mobile Bundle Bonus

You'll receive the Mobile Bundle Bonus on up to four eligible mobiles on the same Single Bill as your Bundle. It includes \$50 additional allowance for calls, MMS and SMS to standard Australian numbers per month on your eligible mobile service. Eligible mobiles are mobiles with a 13 digit account number on a Next G® Cap, Freedom Connect, Every Day Connect plan, Telstra No Lock-In plan or Mobile Accelerate plan with a minimum monthly charge of at least \$45 per month, which don't include unlimited calls to standard Australian numbers. Excludes use overseas. Unused allowance expires each month.

Billing

Your bill is issued on the same date each month. Each bill includes the Minimum Monthly Charge in advance plus usage charges.

On your first bill, you'll also be charged for the days left until your next billing cycle begins. You may be charged for individual services until all those in your bundle are connected. This means your first few bills may be higher or lower than expected.

This bundle requires paperless billing and electronic payment. A \$2 fee will be applied a month in arrears if you receive a paper bill and/or make a bill payment in person or via mail. Some exemptions apply. To set up Email Bill, visit telstra.com/emailbill. To set up Direct Debit or for information on other bill payment options, visit telstra.com/billpay

Changing bundles

You can change to a Telstra Entertainer Supreme Bundle plan once a month during your plan term.
