Device Repayment Contract

If you choose to buy a mobile broadband or tablet device with your Telstra Mobile Broadband Explorer Plan, you may take this on a Device Payment Contract which allows you to get a new device and make monthly interest free payments. Only available on 24 month plans.

Device Plan Discount

If you choose an eligible device on a 24 month Device Payment Contract with the same start date as your 24 month Telstra Mobile Broadband Explorer Plan, you'll receive a Device Plan Discount each month for 24 months.

If you cancel your plan or your Device Payment Contract early, you won't receive the Device Plan Discount any more. You'll also have to make your remaining device payments and pay any early termination charges for your plan.

BYO device

If you choose to bring your own (BYO) mobile broadband or tablet device, be sure to check that your device is Telstra Mobile Network compatible and supports 3G-850MHz, so that you can enjoy the full benefits of your service.

You can always purchase the latest Telstra 4G device outright to get the most out of the network.

Minimum term

12 or 24 months.

Your Monthly Data Allowance

8GB – where 1GB (Gigabyte) = 1,024MB (Megabytes). Your unused Monthly Data Allowance expires each month. Once you've used your monthly data allowance, you'll be charged for excess data usage at a rate of \$0.03/MB (or part thereof).

Your plan doesn't include any call or SMS allowance.

Data used prior to your first bill, or resulting from changes to your plan mid-month, will be charged pro rata.

What's included

Your Monthly Data Allowance can be used to access mobile internet from your Telstra Mobile Network compatible mobile broadband or tablet device in Australia.

What's not

Your Monthly Data Allowance can't be used for data use while you're overseas.

Your plan doesn't include any call or SMS allowance.

Using your SIM

Your plan does not allow the use of your SIM in a mobile handset to access data over the Telstra Mobile Network. If you remove your SIM from your mobile broadband device and insert it into a mobile handset for the purposes of accessing such data, we will block access to data from that mobile handset.

INFORMATION ABOUT PRICING

Your minimum monthly charge

The Total Minimum Plan cost

The total minimum amount that you'll pay over the period of your plan term (plus any device and accessory repayments, if applicable) is **\$660** on a 12 month plan or **\$1,320** on a 24 month plan.

Using data in Australia

Data charges are based on the amount of data you use when accessing email and the internet on your Telstra Mobile Network compatible mobile broadband or tablet device. If you're not sure how much data you'll need, the Data Usage Calculator at telstra.com.au/postpaid-data-calculator can help estimate how much data you might use.

Your Monthly Data Allowance is charged at 0.67¢/MB. If you use more than your 8GB Monthly Data Allowance each month, you'll be charged 3¢ per MB for the excess data. If you need more data, you can add a compatible data pack or move up a plan.

Call, SMS and MMS charges in Australia

These are the charges that will apply if you choose to make calls or SMS when your SIM is placed in a call or SMS capable device. A monthly call allowance is not included in this plan.

- **National calls** – 40¢ call connection fee and 99¢ per 60 seconds or part. A 2-minute standard national mobile call costs \$2.38 (incl. connection fee) on this plan.
- **Standard National SMS** – 25¢ per message sent per recipient in Australia.

Calls, SMS and MMS to international numbers

Your plan doesn't include calls or SMS to international numbers, so you'll be charged additionally for these. Here are the main charges that apply:

The ETC decreases by equal installments each month you stay on the plan. Your maximum ETC at the start of your plan is **\$330** on a 12-month plan and **\$660** on a 24-month plan.

OTHER INFORMATION

The figures in this Critical Information Summary are for a full billing cycle but your first bill may include pro rata charges for part of the month if you started or changed your plan part way through a billing period – refer to the 'Important information about your first bill' section below for more information.

Important information about your first bill

When you first start a plan or change your plan part way through a billing period, your first bill will have additional charges. It will include your minimum monthly charge in advance, plus a proportion of your minimum monthly charge based on the number of days left in the billing period. You'll still receive a full month's data allowance.

This plan requires paperless billing and electronic payment. A \$2 charge will be applied in arrears if you receive a paper bill or make a bill payment in person or via mail. Some exemptions may apply. Visit telstra.com/emailbill to request an email bill and/or set up direct debit. For more information on other bill payment options, go to telstra.com/billpay
